

## § 203.51

## 24 CFR Ch. II (4–1–00 Edition)

(k) In the case of a dwelling (1) to be occupied neither as a principal residence nor as a secondary residence and (2) where the loan is approved for a limit higher than the 85 percent set forth in paragraph (f)(1)(iii) of this section, the eligible non-occupant mortgagor (as defined in § 203.18(f)(3)) shall certify to the Commissioner that:

(1) The mortgagor will not rent (except for a rental term of not less than 30 days and not more than 60 days), sell (except where the insured mortgage is paid in full as an incident of the sale), or occupy the property before a due date approved by the Commissioner, except with the prior written approval of the Commissioner;

(2) The mortgagee agrees that, if the property is not sold before a due date approved by the Commissioner to a purchaser, acceptable to the Commissioner, who will occupy the property, assume personal liability, and agree to pay the mortgage indebtedness, any amount held in escrow, trust, or special account under paragraph (j) of this section will be applied in reduction of the outstanding principal amount of the mortgage as of the due date approved by the Commissioner;

(3) The mortgagee agrees that any portion of the fund held in escrow, trust, or special account, not applied to the mortgage in accordance with the provisions of this paragraph (k), shall be deducted from the amount of the insurance benefits to which the mortgagee would otherwise be entitled if a claim for insurance benefits is filed.

### § 203.52 Acceptance of individual residential water purification equipment.

If a property otherwise eligible for insurance under this part does not have access to a continuing supply of safe and potable water without the use of a water purification system, the requirements of this section must be complied with as a condition to acceptance of the mortgage for insurance. The mortgagee must provide appropriate documentation with the submission for insurance endorsement to address each of the requirements of this section.

(a) *Equipment.* Water purification equipment must be approved by a nationally recognized testing laboratory acceptable to the local or state health authority.

(b) *Certification by local (or state) health authority.* A local (or state) health authority certification must be submitted to HUD which certifies that:

(1) A point-of-entry or point-of-use water purification system is currently in operation on the property. If the system in operation employs point-of-use equipment, the purification system must be employed on each water supply source (faucet) serving the property. Where point-of-entry systems are used, separate water supply systems carrying untreated water for flushing toilets may be constructed.

(2) The system is sufficient to assure an uninterrupted supply of safe and potable water adequate to meet household needs.

(3) The water supply, when treated by the equipment, meets the requirements of the local (or state) health authority,
